NEWS RELEASE

December 23, 2008
For Immediate Release
Toronto, Canada

COMPLETION OF DRILL PROGRAM

Richmond Minerals Inc. (TSXV: RMD) and Fort Chimo Minerals Inc. (CNSX: FCM) report today that Richmond Minerals, the operator under an option agreement between Fort Chimo and Richmond Minerals, has completed a 14 hole, 2,375 metre drill program on the Bondy Gneiss Complex located near Mt. Laurier, Quebec.

Drill core is currently being split, logged and sent to the laboratory for analysis. Assay results are expected early in the new year.

Neither the TSX Venture Exchange nor the Canadian National Stock Exchange have reviewed and accept responsibility for the adequacy or accuracy of this news release.
